

Please don't go ahead with the this business of letting the same company own a newspaper and television station in the same area. We all ready have too much of the news coming all from the same source. This is one reason the media is under such attacks as making the news AND NOT FAIRLY REPORTING THE NEWS. We certainly do not want all news with a view to how R. Murdock sees it.

We now more than ever have a need to have confidence in what is reported and also to have more than source

Respectfully,  
Lavonne Mottaz
